

CONSCIOUSNESS DEVELOPMENT CLASS OF 2017

The Planet is shifting... people are changing... and so are the times. While it may have seemed silly ten years ago to take a course to assist in these changes, that is not the case today. If you want to keep up with the rapid alterations of our reality, it's a must!

I am presently taking applications to attend the **Consciousness Development Class of 2017**. Please be aware that this class is not for everyone. The material being covered requires a non-dogma-open-mind. This DOES NOT mean you cannot be a member of a religious affiliation. It means that you are required to leave that belief system at the door before you enter and NOT impose it on the other members of the class who may or may not follow the same path as you. We will be covering a wide range of topics, from meditation and crystal healing to ET's to ascension. Due to the nature of the material that will be covered and the limitation of space, all applicants will be reviewed before being accepted as a student.

Before applying, please be aware of the following:

- 1] A 90-minute class will be held twice a month.
- 2] Students are required to commit to attending classes on a regular basis and understand that failure to attend one or more class does not release them from their tuition obligation. In the event that class is cancelled, its replacement class will be tagged on to the end of the course.
- 3] Some of the information being taught may not agree with what other development teachers are sharing. Student understands this and agrees to withhold discernment of the material until the completion of the course.
- 4] The doors will be left open to new students (space permitted) for two months (4 classes), after which they will close for the remainder of the course. This will also give students a chance to evaluate the class to be certain they wish to continue once the doors are closed.
- 5] Since the class will not be large, the continued attendance of all energy (students) is vital in order to maintain the correct vibration. In the event that they miss a class or classes, there will be no make-up class offered. Student is required to catch up by seeking notes from other students. Student solidarity is important.
- 6] Student recognizes that, although we'll try to avoid it, there may be homework.
- 7] Any shifting or alteration of class date or time is at the sole discretion of the instructor.
- 8] A certificate of completion will be provided upon satisfactory completion of this course, which includes a final exam.
- 9] Tuition for this course is \$540.00. Should the student wish to pay for the course on a monthly basis, the tuition of \$45/mo is due on the onset of the first monthly class. In the event that the student cannot pay tuition at the onset of the first monthly class, a \$10 fee will be added. Should student pay the tuition in full and in cash at the onset of the course, a 5% discount will be awarded, bringing the tuition down to \$513.00. Due to transaction fees that occur, there will be no discount for tuition paid in full with credit cards or PayPal.

IF YOU AGREE TO THE ABOVE AND FEEL YOU'D BE A GOOD FIT WITHIN THE CLASS, PLEASE APPLY.
